Federal Budget To Include $94,574 To Aid Local Airport

Interest Grows As Work Is Scheduled To Start This Summer

Congressman Harold T. Johnson advised the Sierra Sun Tuesday that the federal aid airport budget for the coming year will include $94,574 for the Truckee-Tahoe Airport District.

This means, according to Jack Houlgate, president of the airport district board of directors, that work can start soon on the important project.

The funds will be used to acquire the site east of the Brockway cutoff, about a mile south of Truckee and to construct a 5,000-foot runway after the area is cleared and prepared. The first runway will be graded over a strip 400 feet wide with a 60-foot paved landing area down the center for light planes.

Project Horizon

President John F. Kennedy's announcement recently that he had created "Project Horizon" to determine and stimulate a safe, efficient and economical national aviation system during the next 10 years, has given added impetus to the efforts of the directors of the Truckee Tahoe Airport District to start work on the first phase of the district's airport, according to Houlgate.

During the past month informal discussions have been had between members of the airport board and Supervisors Henry Loehr of Nevada County and William Briner of Placer County, relative to county participation in the building of an access road into the airport site from off the Truckee-Brockway shortcut road.

The district has acquired an 80 foot right of way and it is pro-

(Continued on Page 8)

Dr. Wyatt May Lose License To Practice

RENO — Dr. Thomas D. Wyatt, Lake Tahoe physician, has been ordered to appear before the Nevada State Board of Medical Examiners on April 13 to show cause why his license to practice medicine should not be revoked.

Wyatt was convicted in district court six weeks ago of attempted abortion. State law makes conviction of a felony ground for license revocation because of unprofessional conduct. The doctor is free on $10,000 bail pending appeal.

The 61 year old former Redding, Calif., operator of a medical clinic, whose career has been marked by controversy, last week was involved in the fatal shooting of an Arizona man in Mexico after Wyatt was robbed of $800. The doctor and his wife were wounded in the struggle.

Bryce Rhoades, counsel for the board of medical examiners, said he did not know what effect the board's action would have on Wyatt's license to practice medicine in California. However, he said, he assumed independent action would have to be taken by California to forbid Wyatt from practicing medicine there.

RED CROSS TEACHERS ARE NEEDED LOCALLY

A Red Cross instructors course in the water safety program for 1961 will be held April 10 to 14 in the Moana swimming pool at Reno for adults or high school students who wish to instruct younger people in swimming, according to Orval Camp of Tahoe City, water safety chairman. Victor McLane of Truckee may also be contacted for any further information.

A charge will be made for the use of the pool and those wishing to take the course will provide their transportation.

A second course will also be held at Moana from April 17 to April 21 and the last session will be held April 24 to April 28 at the south end of the lake in the Holiday Lodge Motel, Stateline. No charge will be made for the use of the pool to the group.

Following the last tests, those qualifying to be instructors will receive a certificate of water safety verifying their qualifications.

During the week of June 19 a course will be outlined for the instruction of beginners, intermediate swimmers and advanced children from the first to the eighth grades, according to the chairman.

EARL GRAY SEATED AS VETERANS HEAD

KINGS BEACH—Earl Gray was installed as commander of V. F. W. Post No. 7077, Lake Tahoe on April 5 at a regular meeting held at the Crystal Bay Club.

The following officers who took their obligation along with Gray were Harvey Martin, N. T. Murray, Eddie Liddle, Bill Elliott and Gary Eden.

At San Mateo—

The Charles Cozzi family visited in the San Mateo area and by chance they saw Miss Eleanor Dominquez, a former local resident.

Truckee Couple To Observe 60th Year Of Marriage Here

Monday, April 10 will mark the 60th wedding anniversary of Mr. and Mrs. Charles B. White who will be joined here, in honor of the occasion, by their son and daughter in law, Mr. and Mrs. C. Bernard White and their granddaughter Miss Marilee White of Sacramento.

In the year of 1901 the celebrants were joined in marriage in the Sacramento home of the bride's parents, Mr. and Mrs. Charles Sullivan and shortly afterward the newlyweds arrived here to establish their home which they have maintained for 60 years.

The couple is well known in the Lake Tahoe-Truckee region because of their varied activities during their long residence.

Mrs. White has continued her activity in their home and spent much time in church and social affairs during the years, both have been members of Truckee Chapter No. 116, Order of the Eastern Star and have been honored for having held offices in the organization.

Realizing the necessity for the establishment of a bank in the growing area, Mr. White asked an Auburn firm to start a branch here in 1923 which was sold in 1928 to the Bank of America. He continued as manager of the concern until his retirement in 1939. Since then he has been interested in the insurance business until a few years ago.

Mr. White who is a member of a pioneer family of Auburn has held many offices in the community. He is a former president of the Truckee Chamber of Commerce, one of the original directors of the Truckee Public Utility District, an officer of both the elementary and high school boards, has filled the officers chairs in Truckee Lodge No. 200 F. and A. M. Lodge, a past president of the Truckee Lions Club.

Always interested in promoting progress in the area, Mr. White was one of the leaders in obtaining a highway between Truckee and Reno, asking the highway commissions to consider the construction in 1919. He preceded Mrs. White here, coming in 1896 when he was an agent for the Southern Pacific Company and in 1914 he was employed by the Lake Tahoe Railway.

DISHWASHER IS HELD ON FORGERY CHARGE

William Cleo Oneal, 44, dishwasher and baker, was being held this week on suspicion of forgery after he is alleged to have passed a $22.50 check at the Tourist Liquor Store and received change after purchase of half a pint of liquor.

Harold Foote, owner of the store, was suspicious of his customer and immediately notified Reginald Smart whose wife's name was affixed to the check. Smart checked with his wife, learned she had not issued a check to Oneal and the latter was arrested by Deputy Sheriff Leo Zander and held in the county jail.

Zander said Oneal admitted forging the check and advised the officer that he had served time in Utah on a similar offense.

REBEKAH MEMBERS TO VISIT DUTCH FLAT

Naomi Rebekah Lodge No. 2 will meet Wednesday, April 12 at Odd Fellows hall with Goodie Mori presiding. Plans will be made for the official visit of the district deputy on April 26.

The officers and members of the local lodge will go to Dutch Flat on April 15 for Goodfellowship Night, to be called "hobo night." Georgiana King is district chairman and Callie Kydd, the lodge chairman.

Dorothy Slack and Bess Reid were elected delegates to the Rebekah Assembly which meets in Sacramento May 14 to 19.

Mary Maxey and Candy Walker will serve refreshments at the April 12 meeting.

MEET DELAYED

The regular meeting of the governing board of the Tahoe-Truckee Unified School District scheduled for April 11, has been postponed to April 18, at 8 p. m., in the superintendent's office.

Arcata Guest—

Mr. and Mrs. Zeph Rose had as their recent guest, Mrs. David Rose of Arcata.

Business Trip—

Mrs. Jim Gardner of San Leandro was a business visitor here the first of the week.

More Road Work In District Will Be Started By State

Bids To Be Opened May 3 For Highway Project In Region

The state division of highways will open bids May 3 for the resurfacing of another nine miles of highways at three locations in Nevada and Placer Counties, according to officials at the Marysville district office.

A total of $83,000 has been budgeted for the improvement which will include paving the existing highways with a one-inch blanket of asphalt concrete.

A week ago the highway division announced that bids would be opened April 26 for 15 miles of resurfacing at three other locations in the two counties with a budget of $109,100.

The job announced today calls for 1) repaving 2.5 miles of U. S. 40 in Nevada County, from the junction with State Sign Route 20 east to the Placer County line; 2) from Soda Springs to Donner Summit, also on U. S. 40, a total of 3.8 miles; and 3) State Sign Route 28 from the junction with SSR 89 in Tahoe City to 2.8 miles east at the Dollar Grade near Lake Forest on the Tahoe north shore.

Summer School Is Studied By Corbin

John S. Corbin, superintendent of the Tahoe Truckee school district, has asked authorization of the governing board to conduct a survey throughout the district as to how many children in high school and elementary age would be interested in a summer school.

If the plan is carried out, the district would not furnish transportation, but other monies expended would be reimbursed by the state through daily average attendance.

In other matters at their last meeting, the board accepted the resignations of five teachers, Miss Hazel Beard of the Truckee elementary school, Mrs. Helen Rausher of the Tahoe Lake school, Joor Bol, Earl B. Gratto and Carl J. Lude, all of the high school.

William Rodgers was employed as a bus driver and custodian.

A discussion was held relative to holding a joint graduation program for the children of all eighth grades but it was decided to hold them in the various schools on dates not to conflict with the high school graduation ceremonies.

BURNING PERMITS TO BE REQUIRED SOON

Residents of the Tahoe-Truckee area are urged to do their spring cleanup and to dispose of all slash and debris by burning as soon as possible. Burning permits may be restricted more than usual this year due to the expected dry conditions. Permits will not be required until April 15, the U. S. Forest Service announced.

According to William E. Warne, state water resources director, 1961 probably will be the driest in California in 30 years. This is the third consecutive dry year with this one being the worst of the three.

This area is no better off than the rest of the state. Precipitation at the Truckee Ranger Station to date is only 56 per cent of normal. The outlook is for another early and dry summer, the forest service said.

AUXILIARY TO HOLD GADGET HAT MEET

The Donner Lake Fire Department Auxiliary will hold a regular monthly meeting at Donner Lake Lodge Thursday, April 20 at 7:30 p. m.

Hostesses Jerry Bonano, Evelyn Alexander and Dorrance Brown request that all members planning to attend bear in mind that the steak dinner will be served promptly at 7:30.

This will be the "gadget hat" dinner and members are reminded to wear theirs on the occasion. Hap Warnke and Dr. Ray Wiser will be the judges and the winners will receive a hair-do from Miss Mac.

Father Here—

H. C. Elliott of Mitchell, South Dakota has been the guest of his son, John Elliott for the past month.

Post Office Receipts Show Healthy Gain

Despite the fact there were no Olympic games in the community to spark business, the Truckee post office showed a decline of only four per cent during the first quarter of this year as compared to 1960.

Postmaster Richard Higgins said that during the months of January, February and March last year the total sales were $7,389.76 compared to $7,061.11 for the same period of 1961.

Stamp sales at the post office are considered one of the best business barometers and this report indicates that business generally in this area is on a healthy uptrend.

Burglaries Probed By Local Officers

The burglar who broke into the Harry J. Beyer resort home at Soda Springs, presumably on March 19, had a liking for liquor and music, according to evidence produced by local sheriff's deputies.

Neighbors saw a man walking toward the Beyer home with a flashlight on March 19, but presuming him to be a guest, gave the matter scant thought. The burglary was discovered and reported to authorities March 27.

Glass in a front door was broken out and the thief reached through the opening and unlocked the door then ransacked the place, taking numerous items but primarily liquors and wines.

Officers were advised that 12 fifths of bourbon, a fifth of rye, four fifths of Scotch, three quarts of gin, three fifths of vodka, two fifths of rum, eight fifths of sherry wine, two bottles of champagne, four bottles of burgundy, four bottles of chablis and four bottles of vin rose, were among the stolen items.

Also stolen was an electric percolator, two radios, 20 long-playing records, three record albums, two rolls of stamps, shovels, pail and other miscellaneous items.

Other Breakins

Lamont Carr of Citrus Heights told officers that sometime between March 20 and 24, a hasp was ripped off the front door of his cabin at Meadow Park and a pair of ski boots, valued at $45.50 were taken.

James Ellis of Cemetery Road reported that the screen on a bedroom window was broken out and a burglar took a $10 Timex watch from a stand near the window Saturday night.

LAKE TAHOE SKIERS WILL MEET FRIDAY

TAHOE CITY—A regular meeting of the Lake Tahoe Ski Club has been called by Tim Sullivan, president for Friday, April 7 at Tahoe City Community Center at 8 p. m.

The agenda includes election of officers, matters concerning the ski club property and the acquisition of new properties, as well as scheduling of next year's meets, both nordic and alpine. Members are urged to attend and all those who have been members in other years are invited.

ROTARY WILL CHOOSE QUEEN AT MEETING

The Truckee Rotary Club will meet Monday evening, April 10 in the Alpine Riverside Hotel when they will make the final selection for their candidate to represent the club for the future title of Miss Donner Lake.

The four young ladies, one of whom may be chosen at the Donner Lake Fire Department box social to be held April 28 in the Tahoe Truckee high school building, are Janice Roth, Violette Dohme, April Lander, Sandra Van Sickle.

HAPPY ANNIVERSARY

Mr. and Mrs. Ed Crandall who will observe their 33rd wedding anniversary, Saturday, April 8 will be weekend guests of their son and daughter in law, Mr. and Mrs. Ed Crandall at Sacramento. The well known local couple are receiving the good wishes of their friends on the coming event.

IN HOSPITAL

Mrs. Emma Flynn Elliott has been undergoing treatment at the Nevada County Hospital in Nevada City for the past month. During her absence, John Elliott is operating her taxi business here.

Trip Ends—

Johnnie Richards returned this week from a trip, having spent several days in Woodland.

Name Committees To Open Shadow Valley Golf Course

Work Is Started On Club House As Plans Are Outlined

A meeting was held Monday evening at Smart's Cafeteria for the purpose of setting up committees for the official opening of the Shadow Valley Golf Course.

The following chairmen were selected and will be forming their work groups within the next two weeks.

Lauren Russell, coordinator; Reg Smart, food; John Corbin, property; William Englehart, decorations; Sherman Reams, public address system; Angelo Besio, Robert Leamon, Robert Moore, hole in one contest; Betty Kielhofer, Clarence Osburn, Walter Barrett and Orf DeLuca, publicity; Dr. Robert Affeldt and Walter Barrett, masters of ceremonies; N. F. Dolley, barbecue construction; Boo Garwood, membership.

Building to Start

Russell announced that construction of a small clubhouse will begin this week and asked that as many volunteers as possible help with its building. Volunteers may come out any day but Saturday and Sunday the clubhouse will be at a point where there will be something for everyone to do.

He asked that anyone participating bring whatever tools will fit their particular work. Materials and supplies will be on the job and

(Continued on Page 8)

Schools Week To Be Observed Here

Public Schools Week, sponsored each year by the Masonic Lodge, will be observed April 24 through 28, it was announced this week by John S. Corbin, superintendent of the Tahoe Truckee school district.

An open house schedule has been announced in connection with the observance and the public is invited to visit the schools during the times set aside.

High school open house will be held from 7:30 until 10 p. m. on Thursday, April 27. Exhibits of the work done by the students and a fashion show by the girls of the homemaking classes will be features of the occasion.

The open house for the Kings Beach and Donner Trail schools will be held from 7:30 until 9:30 p. m. on Tuesday, April 25 and at the Tahoe Lake and Truckee elementary from 7:30 until 9:30 p. m. Wednesday, April 26.

TOM GROW MANAGES Z MEAT DEPARTMENT

Zeph Rose, manager of the Truckee Z Market, announced this week that Tom Grow has returned from the Arcata store to manage the meat department here.

Grow has been with the firm since 1954, starting as an apprentice clerk and box boy and working his way up to his present position. With the exception of two years in the army in Germany and one year in college, he has continuously been with the Z Market chain of stores, working at Arcata, Greenville and Truckee.

Rose expressed himself as pleased to have Grow back and classified him as an excellent meat department manager. Grow is married and will live at Meadow Park.

WATERS PROMOTED BY SHERIFF'S DEPT.

The promotion of Deputy Sheriff Roy Waters to the rank of sergeant was announced last month by Sheriff Wayne Brown. Waters, who has been with the sheriff's department for the past ten years is now in charge of the local office and the four deputies stationed here.

INSTRUCTORS WANTED

The Red Cross swim program wants anyone over 18 years of age who is interested in taking senior life saving instruction for the purpose of teaching local children to swim to contact Marie Henry of Tahoe City or to call LU 7-3097. A class will be held at south Tahoe for five days, commencing April 24.

VOTE AID

RENO—Washoe County Commissioners have voted $1,500 cash and $2,500 worth regional planning commission professional services to help finance a $90,000 Lake Tahoe planning study.

High School Starts Baseball Season On Field Here Friday

The Tahoe Truckee high school baseball team hopes to open the 1961 season this weekend with a home game against Sparks at 3:30 Friday and a game on the road against Manogue Saturday at 11 a. m. in Reno.

Thus far, two scheduled doubleheaders have been rained out, one against Lincoln on March 11 and the other against Colfax March 25. It is hoped that both these games can be rescheduled for a later date, Coach Tom Pendergast said.

There are ten games left in the regular league schedule.

The pitching staff for the 1961 Wolverines includes Kary Kielhofer, Tom Alameda, Bill Notley, Kris Felte and Doug Doolittle. Alameda and Notley are in the outfield when not on the mound.

The catching department will be handled by Harry Chandler, Pat DeWitt and John Suter. The infield shapes up with Dave Decker at first, Benny Ferrari or Mickey Strickland at second, Jim Moore or John Talent at short and Jim Bootman or Dan Chandler at third.

Outfield hopefuls are in addition to Alameda and Notley are Norm Doolittle, Trent Giannini, Bob Kettenhofen, Barry Leamon and Terry Walker.

Two Youths Held For Thefts In Area

A few hours after a local home was burglarized and at least five cars were clouted, sheriff's deputies during the weekend apprehended two boys, aged 14 and 16, who admitted to crimes and all the loot was recovered.

The home of Mr. and Mrs. Roy Cratty on West Riverside Drive was entered Saturday night and two guns, a coin collection and an $1,800 watch stolen.

Five cars in separate parts of town, including one belonging to Sergeant Roy Waters were entered and items stolen.

The investigation by Sergeant Waters and Deputies Robert Schooley, Leo Zander and Emery Lander led to the two boys who admitted the thefts and produced the stolen items. They were turned over to the juvenile authorities.

FOUR BABIES BORN AT TRUCKEE HOSPITAL

There were two new arrivals at Tahoe Forest Hospital Friday, March 31, the first, tiny Melanie Beth, daughter of Mr. and Mrs. Orville Camp of Tahoe City. Her first weight was 4 pounds, 11½ ounces.

Mr. and Mrs. J. T. Crowden of Truckee welcomed their son, Dale Edgar. He tipped the scales lightly to 5 pounds, 14½ ounces.

Easter Sunday was the birth date of Paula Ann, daughter of Mr. and Mrs. Gordon Drake of Verdi, Nevada. Seven pounds, 11 ounces was the arrival weight of Paula on April 2.

Mr. and Mrs. William J. Biggs of Carnelian Bay became the parents of a daughter on April 4 whose arrival weight was 7 pounds, 11 ounces. Her given names were not learned.

LITTLE LEAGUE MEET HERE IS CANCELLED

The board of directors meeting of the Tahoe Truckee Little League scheduled for April 6 at the high school has been cancelled due to a meeting of District No. 5 on April 6 in the Atlantic School at Roseville. Dr. H. P. Tapia will attend and all others interested are invited. The meeting will be of concern to the local league.

The next local meeting will be held Thursday, April 20 at the high school at 8 p. m.

TAHOE JEEP TRIP IS SCHEDULED JULY 16

AUBURN—Ray Shull, president of the Auburn Jeep Club, has announced the annual jeep trip from Auburn to Lake Tahoe will be held July 16 and 17.

Reservations blanks may be obtained in the office of the Auburn Area Chamber of Commerce.

LAST RITES

Funeral services were held today for N. E. Wilson, 93, for many years a leader in civic, business and fraternal circles in Reno. He is well known to many local people, having been a frequent Knights of Pythias Lodge visitor.

Speaker Declares Incorporation Is Problem Solution

Attorney Gives Reason For Organizing City At South Tahoe

If a community believes in self government at a nominal cost then it should be incorporated.

This was the essence of a talk given before the Truckee Donner Chamber of Commerce at Smart's yesterday by Ralph E. Kingston, chairman of the citizens' committee on incorporation for South Tahoe.

Kingston, who is an attorney, did not attempt to compare the two areas, but told of the many advantages which he believes will come to South Tahoe through incorporation. Principal among these would be self government.

In many respects, the two areas have a common problem. Both are far removed from their seats of government, each is represented by only one man on a five-man board of supervisors and both are without adequate zoning laws.

The speaker said that a thorough study of his community had revealed that there should be no increase in taxation if present services are continued. The survey was made by a disinterested firm at a cost of $1,500.

Several important issues were discussed. One was the fact that the growth of a community could be expected since lending concerns were inclined to make more and bigger loans in areas where there is an organized government with a uniform building ordinance.

It was also brought out in the question and answer period which

(Continued on Page 8)

Free Parking Lot Open For Season

N. F. Dolley, manager of the Truckee Donner Chamber of Commerce, announced that the free parking lot on the area where the old Southern Pacific Hotel once stood, was opened April 1.

The lot is sponsored by the chamber of commerce with the merchants of the town paying the S. P. for the service.

Dolley urged that all day-long parkers use the lot to allow shoppers to use the regular parking spaces along the street. Unless this is done, he declared, the sheriff's office will be requested to once again enforce the two-hour parking ordinance.

FISHING IS REPORTED GOOD AS SEASON IS OPENED AT DONNER

Ideal weather greeted the hundreds of fishermen who took advantage of the opening of the fishing season on Donner Lake Saturday. It was estimated that more than 150 boats were scattered over the lake in the bright sunshine and smooth water.

Fishing was better than the average opening day, the nimrods declared, and many excellent catches, but few limits were reported.

For the most part the catches were of Kokanee but there were also reports of rainbow and several big mackinaws.

It is the opinion of fishermen that as the water warms up the fishing will improve, although there were few complaints on the weekend.

TRUCKEE BOYS ARE HONORED BY DeMOLAY

Ross Anholtz of Reno was elected State Master Councilor for the State of Nevada, Order of the DeMolay at the convention held last week at Las Vegas, attended by 250 members and delegates from Nevada and eastern California.

Two members of the local order, Terry Walker and Barry Leamon were appointed by Anholtz to the positions of state chaplain and state sentinel for the coming year. Reno was designated as the 1962 convention city for the Nevada conclave.

Darol McGihon was the adviser for the group making the trip south, including Gene McGihon, Bob Kettenhofen and J. C. Roberson.

"EGG AND I" WILL BE SHOWN AT SCHOOL

The Girls Leaders Club of Tahoe Truckee high school will present "The Egg and I," by Betty McDonald at 7:30 Saturday, April 8 in the high school gymnasium.

In the afternoon of the same day and place full length cartoons will be shown at 1 and 3 o'clock for the children. A charge will be made for the attractions.

DATE IN THE ISLANDS

Mr. and Mrs. H. E. McCoskey of Crystal Bay left for Hawaii March 26, planning to celebrate their 28th wedding anniversary in the Islands, April 14. McCoskey is with the Washoe Investment Company.

SCHOOLS REOPEN

After a week's Easter recess, school in the Tahoe Truckee Unified District reopened Monday with all classes resuming studies.

NORTH TAHOE BRIEFS..

. . . by BETHEL

Women's Club of North Tahoe held the March meeting at Crystal Bay Club on the 27th, with luncheon followed by a business meeting and bingo.

Helen Ehlers of Incline Beach was appointed liaison officer of the Lake Tahoe Safety Council. The Women's Club voted $25 to be given council toward the purchase of signs for the Kings Beach Elementary School.

Virginia Flagg joined the club as a new member.

Nominations for officers for the ensuing year were presented by Pearl Draney. Pearl Kientz, president; Pat Simmons, vice president; Bethel Van Tassell, vice president; Mabel Coulter, treasurer; Louise Walter, secretary. Officers will be installed in May, following the planned house tour, at tea.

Prizes were won by Gwen Robinson's and Velda Farris' mother, Mrs. Pauline Kolb; Pearl Kientz, Mabel Coulter, Carrie Gray. Door prize of an Easter lily was won by Mickey Mandeville.

Tentative plans for the April meeting are for a potluck lunch open to the public, a plant sale, with club members and friends contributing plants — iris, African violets, bulbs — to be sold at a nominal charge.

Lee Aversente of Campbell, president of the Campbell Garden Club, will be the club's guest, and present a flower arranging program of native flowers and cuttings. Mrs. Aversente presented a similar program last fall for the club and many will be delighted to know of the return engagement.

Programs for the club will be—April, plant sale, flower arranging and pot luck lunch; May, house tour and tea with installation of officers; June, fashion show. Bethel Van Tassell, president, urges members and friends to participate in the club's programs.

Mr. and Mrs. Mark Jacobs and children Bruce, Robin, Stanley and Molly of Oakland spent Easter vacation at their Tahoe Vista home.

Marlea Anderson of Kings Beach has a wonderful Easter present—son, Ross, is home from Camp Pendleton on a 20-day leave. Ross is in the motor transport division and has just finished boot camp.

A 10-day trip to Rawlings and Cheyenne, Wyoming, to visit Marlea's parents, Mr. and Mrs. C. A. Conyers and relatives in these cities will be made by Marlea and Ross before his return to Camp Pendleton. Have fun.

Bobbie and Dick Stasand and children Richie and Sharon of Corona are Easter visitors to Stan and Pat Simmons and children Reed and Cheryl of Kings Beach.

Easter bunnies—not snow bunnies — was the order of the day when Chris Hoffman, Lorraine Buscow, Virginia Casselo, Gene Brocklesby and Pat Crow met at Pat's Crystal Bay home 'tother day. Chris, the new president of Our Lady of the Lake Guild, says the bunnies will be used at the hat check stand at the dinner dance being sponsored by the Tahoe, Truckee, Squaw Valley Parishes to be held April 8 at the Nevada Center. Pat Crow is chairman of the event.

The April 6 meeting of Our Lady of the Lake Guild will be at the Pine Cone Fountain. Alice McDonald and Eileen Wilen will be the hostesses for the day. Discussion of plans for the dinner dance is the main business at the meeting.

Mrs. Pauline Kolk of North Hollywood is spending the Easter holiday with daughters in Kings Beach, Gwen Robinson and Velda Farris.

Anyone wanta dog? Tom and Chris Hoffman's Labrador and cocker thorough-bred (?) made a St. Patrick's Day presentation of five—one male and four females—puppies. Gum Drop has named the offspring Patrick, Shamrock, Colleen, Paddy and Molly. Phone LI 6-2311 and be sure of your choice.

To Carson City to visit the Zieglers last Sunday went the Hoffmans, Tom and Chris and children, Jackie, Judy, Jess and John.

Kings Beach fire chief, Joe Fulton, says phone LI 6-3406 for any information or business for the fire department. The fire department has a system reporting signal—LI 6-3434—which rings ten phones and ten volunteers of the fire department answer that call, which is for emergency only.

First time — now progress! The unified address company under the direction of Ed Shirley of Tahoe City meet at the new administration building north of Tahoe City every second and fourth Monday every month. They are numbering houses and naming streets. Got your number, now.

The policy of naming streets in Kings Beach has been to name for animals and fish. Understand Skid Road is due for a change—Squid Road? Trees, flowers, birds and stars are also being considered for names should animals and fish be depleted.

One street in Kings Beach is named Dolly Varden. When first noticed by your correspondent questioned the non-conformance as it was a known fact that Dolly Varden is the name of Noel Hulbert's mother.

What a blast Kings Beach area is going to get. A time clock is being installed at the fire house that will give the area a five second blast or blow at 12 o'clock noon every day. Time has caught up with us. No more excuse of not knowing the time of day at least once a day.

It was in the paper. "Snow tires made legal." "Snow tires are legal on both sides of the Nevada-California state line. A bill authored by California Assemblyman Paul Lunardi of the Lake Tahoe District allowing passenger automobiles to use snow tread tires on the drive wheels of cars operated in California has been signed into law by Governor Edmund G. Brown. Previously, snow tread tires were required on all four wheels if they were to be substituted for chains." Great.

In the mail bag. From Frank W. L. James, Inglewood, California, "—so I wish to thank you and compliment you on your interesting column on the affairs of our community."

Our answers to some questions will no doubt be of interest.

Stan and Pat Simmons and children Reed and Cheryl, formerly at the Tahoe Vista Lodge, are now residing in Kings Beach.

The new owners of the Tahoe Vista Lodge, the Webbs, are remodeling the living quarters for their family of five children.

The water level of Lake Tahoe is low—more so than for the past decade. Plenty of beach for everyone this year.

The Lake Tahoe-Sierra Chamber of Commerce move into the new office in the North Tahoe Village owned by Bob Daneri at Kings Beach April 1. Velda Farris is the acting paid secretary. Believe 14 new members during the month of March. Watch it grow. Better still, join, and grow with the Lake Tahoe-Sierra Chamber of Commerce.

Hank and Madeline Mosley of Tahoe Vista are still away. Expect to hear of them soon.

Everyone looks forward to the return of Frank and Fern James to their summer home in Tahoe Vista. Meantime — regards from Tahoe.

To Yuba City and Marysville for a couple of days went Bethel, Pieter and Jan Van Tassell of Tahoe Vista. Visits to mother, Mrs. Martha Holmes and sister and husband, Verna and Jim McFarlane, friends and other relatives made for a happy sojourn.

LICENSE

SACRAMENTO — (CNS) — The contractors' state license board announced it plans to issue a sewer, sewage disposal, drain, and cement pipe laying contractor's license to Lambert and Perata, Box 801, Tahoe City, if no protests are received by April 18.

FAR WESTERN ICE HOCKEY ALL-STARS AT SQUAW VALLEY

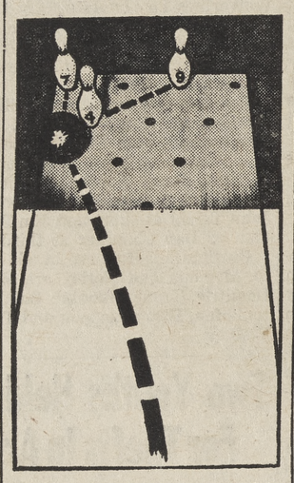

All-American Bill Abbott, player-coach of the Denver All-Stars, swings into action practicing for the Far Western Ice Hockey Championships which re-open Blyth Arena in Olympic Village, Squaw Valley, California the weekend of April 7-8-9. Abbott, a former University of Denver and Calgary and Alberta star wingman, leads his team against All-Stars from Sacramento, Salt Lake, Los Angeles, San Gabriel, and the San Francisco Bay Area in a round robin of championship games starting Friday April 7 and continuing through Saturday and Sunday. All six teams are studded with All-American and ex-Olympic Games players. Popular prices prevail for all seats in the 8600-seat magnificent Blyth Arena, used for the first time since the 1960 Winter Olympics, and turned over April 3 by the State of California to the operators of Olympic Village, Squaw Valley Improvement Corporation.

STRIKES & SPARES

BY JOE WILMAN

DELICATE TOUCH NECESSARY HERE!

A matter of the utmost delicacy is the 4-7-9 or the 4-7-10 split. Although some bowlers will firmly deny this, they are "makeable," and it does pay to try conversion. Proceeding with delicate control, the bowler is assured of a maximum count of two pins even if he doesn't make the split.

These left-side splits should be shot from the right side. Angle the ball across the lane and into the left side of the 4-pin. The ball also hits the 7-pin.

The difficult part is in shaving the 4-pin lightly on the left (as we illustrate today) and sending it across and into the 9-pin. And in the 4-7-10 it must be shaved even thinner and sent across into the 10.

Use as much angle as you normally do in shooting for the 7-pin alone. Your ball should be almost similar, for it grazes the 4-pin lightly on the left before going into the 7 fully.

DONNER DOINGS

By VIRGINIA O'BEAR

The weather was just beautiful for Easter and the opening of fishing season. Saturday morning you could see boats all over the lake and I saw quite a few fishermen landing some nice looking fish. Sunday was Easter so perhaps that is why there were fewer fishermen on the lake. Our son Mike landed two rainbow right off our float, one a 12 inch and the other 13 inches. Others tried in our family but seems like our six year old has more patience. I am sure everyone enjoyed Easter at Donner Lake and teh opening of fishing seasson.

* * *

Mr. and Mrs. Robert Pankoke and children, David and Diane, spent a week at Desert Hot Springs just resting and relaxing. Martha said they had a nice trip and on the way home stopped by Pacific Ocean Park at Santa Monica for a day which the children enjoyed very much.

* * *

Mr. and Mrs. Harry Ambler and daughter spent two weeks in Arizona visiting the Gordon Stewart's, their daughter and son in law. Edith is back at the bank working and said it was so wonderful seeing her three granddaughters too.

* * *

We just know we might have good weather now because we saw Claudia and Tony St. Claire out putting in their flowers and getting their yard all fixed up. In a few months you should drive by and see the results they obtain and quite a few of us wonder how they do it. Maybe we don't have green thumbs.

* * *

The Donner firemen will meet at the fire house from 7 p. m. to 9 p. m. next Tuesday evening, April 11. The firemen meet the second Tuesday and fourth Thursday of each month and it might be a good idea if you firemen wives mark the dates on your calendar so you can remind your husband. The Fire Chief, Hap Warnke would like all members to attend these meetings for drill.

* * *

The Truckee Outdoor Sportsmen will meet April 14 at 7:30 in the Capitol Hall. Many Donner residents like to be reminded of this meeting so it would be good to mark this date on your calendar. Ladies are always welcome to attend also as there are many members in this organization who are ladies. Nominations for new officers for the year is on the agenda and there will be several guests present from the department of fish and game at Sacramento. These men will answer any questions in regard to fish plants, etc., then two movies will be shown, one will be the 1960 World Series baseball game. I am sure many Donner residents will want to go and besides children are welcome! (No baby sitter problems).

* * *

Free tickets are being distributed to the local service clubs which are sponsoring candidates in the Miss Donner Lake contest. The winner will be crowned at the old fashioned box supper at the Tahoe Truckee High School on April 28, the event starting at 6:13 p. m. The Truckee Rotary Club will choose their candidate April 10 when they meet at the Alpine Riverside at 7 p. m. Several young ladies have been invited to appear at this meeting so members can vote for Miss Truckee Rotary Club.

* * *

Our son, Harold, will be leaving this week for the wide open spaces of Montana and Idaho. It has been wonderful having him home and seeing all the beautiful color slides taken in Germany where he was stationed for 20 months in the army. He plans to do a little prospecting for gold and plans on trapping this winter. He says there are a lot of wild mink in Montana and if he is successful, mother will be having a natural mink stole! He will be back again so the next trip maybe he can stay longer and meet more of our friends.

* * *

Don't forget to get your burning done before April 15th. After that date, only incinerator burning will be allowed without a permit.

Site of the first Grange Hall in California on State Highway 49 just north of Pilot Hill, El Dorado County, was marked in 1956 with a state historical tablet.

INCOME TAX SERVICE

If you are in need of assistance in preparing your 1960 Federal and State Income Tax Returns, a representative of the HUGH D. BROWN CO. will be at their local office, Bridge and River Sts., for the week, starting April 1, 1961 to help you.

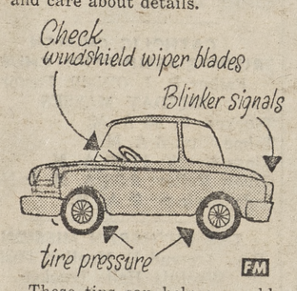

Call LUther 7-3443 after that date for evening appointments or write P. O. Box 127, Truckee.

Tips on Touring

By Carol Lane
Women's Travel Authority

Professional Advice

Why is driving like a sport? Because the "pros" are better than the amateurs. The reason: practice and care about details.

These tips can help you add a *professional* touch to your driving.

Sit up *straight*, four to eight inches from the lower rim of the wheel.

Get seat belts and use them.

Get the "feel" of a strange car before you drive it for any distance.

Keep your eyes moving. Be aware of everything around you, not just the road ahead.

Always look for an "out"—a safe place to swerve in case of trouble.

At night, dim the instrument panel lights to reduce eye strain. If the lights from an approaching car bother you, glance to the right side of your lane. Don't speed in the dark; it cuts the distance you can see.

When coming to a stop, pump your brakes gently and ease up to the stop. It's easier on you, the car, and the fellow behind.

Check the rear and side view mirror before passing and allow plenty of room before getting back in lane.

When someone passes you, slow down, dim your bright lights.

Keep your car in top condition. This includes "little" things such as windshield wiper blades, tire pressure, blinker signals.

15-ROUND BOXING IS PROPOSED BY BILL

SACRAMENTO — (CNS) — Championship boxing matches could be increased from 12 to 15 rounds in California under a bill introduced in the legislature by Assemblyman Jesse M. Unruh, Los Angeles.

The measure was accompanied by a proposed amendment to the constitution which, ACA57, would make changes concerning state money collected from boxing and wrestling shows. The amendment first would remove the requirement that all such fees and taxes go to maintain veterans homes, after costs are paid.

The second provision would eliminate the tax-free status of boxing cards when proceeds or net earnings go to any post of the American Legion.

The bill, AB2393, would provide for 15-round championship matches, provided the constitutional amendment was approved.

CLASSIFIED ADS DO BRING GOOD RESULTS

Classified ads do bring results. Almost every day someone calls the Sierra Sun office to confirm this statement.

"You can stop my ad, I've rented the house," or "Cancel my ad, I've sold the furniture." This is a very common type of call from satisfied advertisers.

Recently the Sun received a letter from an advertiser in Southern California:

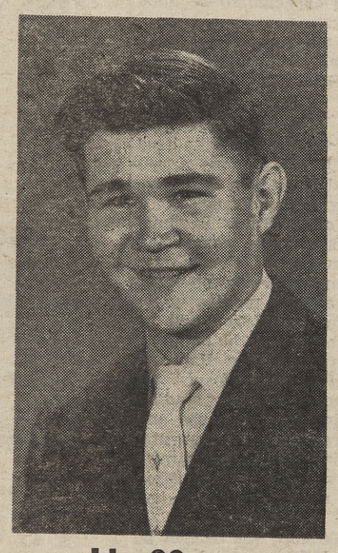

"I would like to say that I received quite a response from it," he wrote. "In fact more than I ever received from a Los Angeles paper. Please continue to run it for the three times and by that time I should have a good selection to choose from."

While a lot depends upon what is being advertised, there can be no argument that the little ads are widely read and do get results.

DECLARING TIME AND PLACE OF BIENNIAL GENERAL DISTRICT ELECTION, OFFICES TO BE VOTED UPON, ELECTION PRECINCT AND ELECTION BOARD MEMBERS, AND HOURS OF POLLING.

BE IT ENACTED BY THE BOARD OF DIRECTORS OF TRUCKEE PUBLIC UTILITY DISTRICT as follows:

1. That the Biennial General District Election shall be held in Truckee Public Utility District on Tuesday, the 2nd day of May, 1961, for the purpose of electing two Directors-at-Large for said District.

2. That there shall be one voting precinct within said District, which shall comprise all territory within the exterior boundaries of the District.

3. That the polling place in said precinct shall be at Justice Court, Truckee, County of Nevada, State of California, and the hours of polling on said election day shall be from 9:00 o'clock a. m. until 7:00 o'clock p. m.

4. That at said election there shall be and the election board shall consist of one inspector, one judge, and one clerk, pursuant to Section 16156 of the Public Utilities Code, and at said election the following persons shall constitute and are hereby appointed as Election Board Officers:
Lucille Bick, Inspector
Ozella Slate, Judge
Barbara Grow, Clerk

5. That the Clerk of said District shall, not later than twenty-one days from the date hereof, post in three public places in said District, or cause to be published at least twice in said District, in a newspaper of general circulation, printed and published within said District, a copy of this said Ordinance, which shall also constitute notice of the designation of Election Officers, polling places, and polling time.

CHRISTIAN SCIENCE
Meets at Wyethia Clubhouse, Truckee.
Sunday School: 9:30 a. m.
Morning Services: 11 a. m.
Those attending Christian Science services Sunday will hear a challenging call to overcome sin and sickness of every kind through wholly spiritual means.
Highlighting the lesson-sermon entitled "Are Sin, Disease, and Death Real?" is this Golden Text: "The kingdom of heaven is at hand. Heal the sick, cleanse the lepers, raise the dead, cast out devils: freely ye have received, freely give" (Matthew 10).
One of the selections to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy states: "God is as incapable of producing sin, sickness, and death as He is of experiencing these errors. How then is it possible for Him to create man subject to this triad of errors,—man who is made in the divine likeness?" (p. 35).
This verse will be read from Psalm 145: "The Lord is righteous in all his ways, and holy in all his works."

The Order of Rainbow for Girls of the Truckee area will attend the service at 11 a. m. as a group.
High school fellowship meeting to be held at 7 p. m. Sunday, Wednesday, April 12 there will be a junior high school gathering, supper to be served at 5:30. Those who wish to sing in the choir should plan to be present a half hour earlier for rehearsal.
A luncheon and program will be enjoyed by the women of the church at 12:30, Thursday, April 13. Reservations may be made by calling OL 8-9960.

SMALL AUDIENCE AT CHARTER MEETING

TAHOE CITY—Provisions of the proposed Placer County charter were explained at a meeting in the Tahoe Lake elementary school by Fred Boole, chairman of the board of freeholders information committee.

The meeting last Wednesday night was attended by only 12 local residents. Fred Schultz of Tahoe Vista said he felt the charter would deprive residents of the eastern ends of the county of adequate representation on the board of supervisors.

William Briner, incumbent supervisor from the Tahoe City area, said there is no reason to believe supervisorial districts would be much different than they are now.

MORE FEDERAL FUND FOR FIRE DEFENSES

WASHINGTON—California Senator Thomas H. Kuchel said defenses against fires in California national forests will be strengthened next year if congress votes money requested for the protection of natural resources.

A total of $6.5 million for pre suppression activities in California is proposed in the budget submitted by President John F. Kennedy. This is $1 million more than requested by former President Dwight D. Eisenhower.

The figures do not represent the amounts which may be needed for extinguishing blazes in the forests, Kuchel pointed out, because the costs of putting out fires cannot be forecast and congress does not impose any fixed ceiling on amounts needed for such purposes.

HHFA FUNDS TO AID TAHOE PLAN STUDY

A general planning study for the Lake Tahoe basin has moved a step closer to realization with approval of an application for HHFA planning assistance funds by the California State Advisory Planning Board, according to an announcement by the Lake Tahoe Area Council. Unanimous action by the board was taken at its recent meeting in San Francisco.

A project of the Tahoe Regional Planning Commission, comprising the five counties of the bi-state basin, the comprehensive planning study, estimated to require up to two years for completion will be under the direction of the planning consultant firm of Wilsey, Ham and Blair of Millbrae, California. It will cover economic base studies, standardization of land use and zoning practices, governmental structure, fire protection, streets and highways, health, education and general public services and facilities.

The $90,000 cost will be met 50 per cent by HHFA, a total contribution of $22,500 in cash and planning services by the five member counties and a $22,500 grant by the Max C. Fleischmann Foundation of Nevada.

WRITER SAYS SQUAW HAS REPAID EXPENSE

Writing in the San Francisco Examiner, Sports Editor Curley Grieve declares: "In my book, Squaw Valley has already paid for itself. The astonishing favorable worldwide reaction to the Olympic Winter Games liquidated the state and federal investment in full.

"All the sniping at Sacramento cannot alter the fact that never has an event in the United States received such unanimous acclaim. The aftermath, with return of monies and continued publicity leading up to the next Winter Olympic at Innsbruck, has been even more productive than anticipated.

But the dividends will continue to roll in for years to come. This season has proved an astonishing success. As Alex Cushing puts it, 'never has the weather and skiing been better, and the crowds have kept pace.'

The article goes on to say that Cushing plans extensive plans when the division of beaches and parks signals the go-ahead. Grieve says he plans a $400,000 aerial tramway from the lodge to back of Granite Chief and another double chairlift to cost $150,000 to the south side of Siberia Bowl. The work is expected to be done this summer.

"For the purposes of joint exploration," Grieve wrote, "all groups in Squaw Valley have formed an association. This means that the fueding barons, Cushing and Wayne Poulsen, have their shoulders to the same wheel. Just so there isn't any misunderstanding, Alex adds:

"We work together but stay 100 yards apart."

VICKIE JONES WINS SUGAR BOWL MEET

SUGAR BOWL—Vickie Jones, 12 year old from Tahoe City, and 17 year old Chris Mazzola of the Sugar Bowl Club captured the junior Sugar Bowl championships Sunday by winning the ⅞-mile giant slalom on Mt. Disney.

Fifty racers found the corn snow to their liking and whipped down the 35-gate giant slalom, which dropped 1,100 vertical feet under a blazing sun.

Mazzola edged Charlie White of Walnut Creek, the defending champion, by 2.6 seconds in Class 1. Mazzola's time was 56.1.

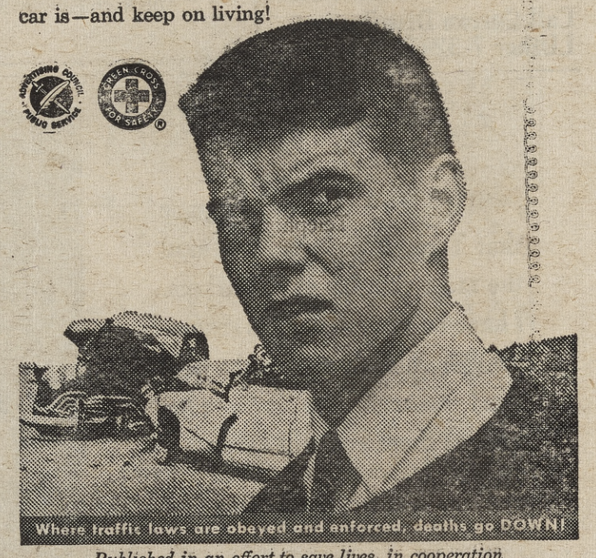

Racing in Class 3, little Vickie posted the fastest girl's time, 1:03, to take the Sugar Bowl Cup.

LAKE LEVEL

TAHOE CITY—The level of Lake Tahoe has not varied during the past week and on Monday stood at 6223.89. No precipitation was recorded and the temperature at Tahoe City ranged from a warm 58 to a low of 31.

"The family was giving me a hard time again . . ."

You're driving into danger when troubles take the wheel! Park your troubles before you take off. It's risky to let worries interfere when your sole problem should be how to drive safely. Last year traffic accidents took 37,000 lives. Many died because some drivers let worries distract them from the road ahead. So when you drive, keep your mind where your car is—and keep on living!

Published in an effort to save lives, in cooperation with the National Safety Council and The Advertising Council.

Tahoe City

Members of the Lake Tahoe Ski Club met Monday night at the Tahoe City Community Center for discussion on future club plans. One of the two major items of discussion concerned the clubs proposed taking over of the Olympic jump facilities at Squaw Valley on an arrangement with the division of beaches and parks. The other item of discussion centered around Alpine Meadows and the possibilities of an alliance of the two groups.

Guests at this meeting were John Riley and Peter Klaussen. Tim Sullivan presided over the meeting.

* * *

House guests of the Ned Longs during Easter week were Roger and Beth Liljestrom and their two sons of Arcadia. Mr. Liljestrom is a prominent Los Angeles attorney.

* * *

One of the features of Tahoe Lake School's minstrel show which will be presented to the public on April 14 and 15 will be the production of "Oh, Doctor."

Featured in the cast are Harlene Hopkins, Linda Hammer, Cynthia Chandler, Cheryl Flory, Joyce Anderson, Alice Calhoun, Jayne Shontz and Stevie Cross.

The show will be given at the Tahoe Lake School on the evenings of April 14 and 15 and the afternoon of April 15.

* * *

A delegate to the Nevada State conference of the D.A.R. held in Las Vegas last month was Mrs. Jean Callender of Homewood. Mrs. Callender was a representative of the Sagebrush Chapter of Reno. Joining the Callenders in Las Vegas were the Paul Kerrs of Meeks Bay and Palm Springs and the two couples vacationed in Yuma, Mexico and Palm Springs. One of the highlights of their trip was witnessing an exhibition ball game between the Angels and the Dodgers. The Callenders returned to their Homewood home last week where they were visited by Bill and Pat Callender and their daughter Barrie. Barrie observed her first birthday on March 25.

* * *

An Easter week visitor at the Jim Bakers in Tahoe City was Mrs. Mitzi Cochran of Berkeley.

* * *

Observed skiing on the Mammoth Montain slopes during Easter vacation was Vicki Jones of Carnelian Bay.

* * *

Twenty-seven holes of golf were enjoyed last Sunday at the Carson City golf course by Beulah and Floyd Carnell and Dorothy and Alan Lewis, all of Tahoe City.

* * *

Jan Cordes, bowling for the Truckee-Tahoe Lumber Company in the Early Birds League at the Kings Beach Lane, racked up a high game of 198 in regular league play last Monday morning.

* * *

Mrs. John Holley and sons Rickey and Glenn of Pineland enjoyed an Easter week spent in Carmel.

* * *

Pat Lewis of Tahoe City and Sherry Thatcher of Carnelian Bay represented the Nevada American Legion at the week-long junior ski meet held Easter week at Sun Valley. They were members of a five member team representing Nevada. Ten western states participated in the meet.

* * *

The Ray Streets have returned from a week's vacation spent sightseeing in Palm Springs, Disneyland and Las Vegas.

* * *

"Bohemian Night" was observed Monday night at the last meeting of the Monday Night Bridge Club held at the Lake Forest residence of hostess Nancy Tomlinson. High score of the evening was won by Dorothy McCaskie.

* * *

Injured in a two rope mishap last week at Granlibakken was young Bill Nagel. Bill is an ardent skier and several weeks ago participated in the jumping contest held by the Lake Tahoe Ski Club at Granlibakken.

* * *

The Sterling Edwards family of San Francisco vacationed last week at their Tahoe Pines residence.

* * *

Casting for two skits which will be part of the Emblem Club's variety show, "Belles and Bows," has been completed according to Producer Pat Vanni, and cast members are rehearsing weekly. Several seasoned stock players are taking part in the skits while other local players are making their dramatic debuts

Cast in "Comin' Round the Mountain" are Rolf Weigaard, Cliff Tweet, Glenn Meixner, Betty Blackburn, Jean Kunges. Ralph Bly and Gert Wilt. "The Clubwomen's Club," a one-act farce, will feature Lou Neidig, Gwen Robinson, Betty Vance, Peg Dempsey, Armen Abrahamian and Bob Beaverson.

The production is scheduled for three performances at Crystal Bay on May 19 and 20.

* * *

Enjoying activities this week at Squaw Valley are Mr. and Mrs. Marty Arrouge.

* * *

Herb Kahn of Tahoe City spent Several days this week in San Francisco on business matters.

* * *

Many local Cub Scouts are making plans to attend the all-day Scout Jamboree to be held in Roseville on April 29.

* * *

The J. Philip Murphys of Piedmont spent Easter week at their Squaw Valley residence.

* * *

Mrs. Jack Starratt, accompanied by daughters Ann and Sally, spent several days last week visiting with her family, the Richard Lee's, in Lincoln.

* * *

Spending Easter week in Oakland and Marin were Mrs. Ted Lewis, of the Highlands and daughters Susan and Linda.

* * *

The Countess d'Vanni is a Squaw Valley visitor this week.

AUXILIARY NAMES OFFICERS AT TAHOE

KINGS BEACH—Election of officers for 1961 for the V. F. W. Auxiliary No. 7077, Lake Tahoe was held on March 23 at the home of Pearl Draney.

Installation of newly elected officers will be held on April 13, following a dinner party, at the Crystal Bay Club at 7 p. m. Reservations can be made by calling Bea Snell at LIberty 6-2362.

Ethel Antonson and Pearl Moore, past presidents of the auxiliary will be installing officers.

Those elected are, president, Pearl Draney; senior vice president, Bea Snell; junior vice president, Dot King; chaplain, Louise Walter; conductress, Ethel Antonson; guard, Mae Weathers; one year trustee, Wanda Brooks; treasurer, Bernita Jones; secretary, Pearl Moore. All appointive officers will remain the same as last year.

JUDGES NAMED FOR AWARDS PROGRAM

Five civic and business leaders from communities in this area have been named as judges for selecting zone winners in the 1961 Bank of America high school Achievement Awards program.

Convening in Marysville on April 18, they will conduct group interviews of winning seniors from high schools in Butte, Glenn, Nevada, Plumas, Sierra, Sutter and Yuba Counties to determine winners who will go on to compete for top awards of $1,000 in the Sacramento area finals next month (May).

Winners selected by the judges in each of four study categories at the zone event will be assured of minimum cash prizes of $150 at the finals. Students who place second and third in their fields of study receive $50 and $25 awards, and all participants in the zone interviews receive honorary ribbons.

How many times has this man saved your life?

LIKE most of us, when the kids are in the car, you get that "extra careful" feeling. You know, that's the same way your friend—the service station dealer—feels when you stop by to see him.

Over the years, you've probably come to take your service station dealer pretty much for granted. But when your kids are riding with you, aren't you glad you took his advice and had your brakes checked? His suggestions—small though they may seem to be—may have saved your life more than once. His interest in your safety is more than interest in a customer—it's concern about a friend.

And what a valuable "extra" if your own service station gives you S&H Green Stamps. You know, of course, that half the families in America save them.

Your S&H Green Stamps make it possible for you to choose from over 1,500 top-quality, famous brand-name items at your S&H Green Stamp Redemption Store.

OLD FISH HATCHERY AT TAHOE IN USE AS STUDY QUARTERS

By ALMO J. CORDONE
Fisheries Biologist III

The old Tahoe fish hatchery at Tahoe City is again in operation, but don't go there and expect to see fish. The new Lake Tahoe fisheries study of the California Department of Fish and Game is headquartered at the hatchery. This is essentially a fisheries research project. The hatchery buildings are used for storage, office, and laboratory space.

Almo J. Cordone is project leader and Don Weidlein is the project assistant; both live in homes on the hatchery property. The study is conducted on a cooperative interstate basis with the Nevada Fish and Game Commission. Ted Frantz is the project leader for Nevada and resides near Carson City.

The purpose of the study is to test means of improving fishing in Lake Tahoe. As we all know, Lake Tahoe is one of the most beautiful and popular recreational lakes in the world. Generally speaking, Tahoe is now a poor fishing lake; although, at one time it contained a fabulous native cutthroat trout fishery. Occasionally, it provides good sport for a few skillful anglers; but the casual angler is usually unsuccessful. An attractive fishery at Lake Tahoe should increase the use by anglers substantially.

The research at Lake Tahoe will be aimed at developing the full fishery potential of the lake through application and evaluation of a variety of management techniques. The reasons for the generally poor fishing at Lake Tahoe are not known; but two major changes that took place with the coming of the white man are probably jointly responsible. These are the near destruction of the tributaries and the Truckee River by dams, diversions, and erosion; and introduction of exotic trout such as the mackinaw, rainbow, brown and eastern brook trouts.

A partial list of problems to be studied include, (1) lack of forage, (2) lack of natural reproduction, (3) competition, (4) predation, and (5) basic fertility. When facts are available showing that one or several of the above are preventing trout numbers from increasing to desirable levels, then management practices to eliminate the problem can be applied.

A planned stocking program has already been started. The future development of the Lake Tahoe fishery may depend heavily on planted fish for its success. Various species of trout will be tested in Tahoe. The most suitable planting time, planting area, and fish size will also be evaluated. The purpose here is not to provide a put-and-take fishery but a premium fishery for large fish returning to the angler over a long period of time. In the summer and fall of 1960, California and Nevada planted 130,000 rainbow in Tahoe. This year the experimental plants will be 90,000 Lahontan cutthroat, 30,000 rainbow, 90,000 Kamloop, and 20,000 Yellowstone cutthroat trout. Different areas of the lake will be stocked and the period of stocking will extend from May through September.

Another promising area of investigation concerns the role of kokanee salmon in Tahoe. They have not lived up to expectations as a combined forage and game fish for the lake. Only a small population exists today from the many thousands that were planted. A study of reasons why they have not become abundant may pay dividends in the near future.

The reasearch problems at Tahoe are very complex and the size of the lake itself presents an obstacle. A study of this type must extend over a period of years to achieve desired results. The fisheries biologists working at Tahoe are confident that fishing can be improved. Imagination and hard work will be needed plus the cooperation of the people around the lake, before Tahoe can again take its place as one of the outstanding fishing waters in the west.

NOTICE OF HEARING VARIANCE FOR SIGNS TAHOE CITY

Notice is hereby given by the Placer County Planning Commission that a public hearing will be held by said Commission on Friday, April 14, 1961, in the Supervisors' Room, Court House, Auburn, California, at the hour of 11:00 a. m. to consider the application of Blaze Neon Sign Company for Bank of California and Safeway Stores, Incorporated for a variance to allow two signs as follows: Safeway Sierra Shops, 80 sq. ft. and Bank of California, 90 sq. ft., rather than the maximum of 50 sq. ft. now provided by Ordinance 108-B. Said variance is requested on the following described property; hardship being lack of visibility due to building setback from highway:

Safeway property, Tahoe Shopping Center, Tahoe City.

At said hearings all persons in favor of the granting of said variance and all persons opposed thereto may be heard.

HARRY STUBLEY, Secretary
Placer County Planning Commission
MARIAN LIEBENGUTH, Clerk of said Commission
Dated: April 3, 1961
Publish: April 6, 1961

LITTERBUG BILL MAY INCLUDE BEACH AREA

SACRAMENTO—(CNS) — A bill has been introduced in the assembly to declare war on litterbugs who clutter California's lake and stream shores with beer cans and garbage.

But the bill goes a bit further and would prohibit fishermen from cleaning fish within 150 feet of a stream or lake.

Assemblyman Charles B. Garrigus (D-Reedley), who introduced the measure, said he "likes to find the beach under the beer cans."

The bill prohibits the deposit of cans, bottles, garbage or the viscera or carcass of any dead fish, bird or mammal within 150 feet of the high water mark of streams and lakes or placing it where it may pass into waters of the state.

Garrigus said many people in the state are willing to desecrate the state's beautiful endowment of scenic lakes, rivers and streams.

'Such despoiling (garbage and beer cans) not only creates water pollution for fish, but creates health and safety hazards for thousands of Californians who follow their messy neighbors to the out-of-doors in search of beauty to admire and recreation to enjoy," Garrigus said.

"Gnats, flies and bacteria swarm in such refuse and garbage, infecting the air and the water," Garrigus said. "There is no real excuse for this disgusting condition, for with a few minutes care any citizen can deposit such dangerous and unsightly litter into trash cans, into sacks or papers to carry home, or into holes in the ground somewhere nearby."

STATE OF CALIFORNIA
DEPARTMENT OF PUBLIC WORKS
DIVISION OF HIGHWAYS

NOTICE TO CONTRACTORS

Sealed proposals will be received at the office of the State Highway Engineer, Room 510, Public Works Building, Sacramento, California, until 2 o'clock p. m. on May 3, 1961, at which time they will be publicly opened and read in the Assembly Room of said building, for construction on State highway in accordance with the specifications therefor, to which special reference is made, as follows:

Nevada and Placer Counties, between near Route 15 and Placer County line, between Donner Summit Lodge and Donner Summit, and between junction Route 38 and 2.8 miles east (III-Nev,Pla-37, 39-A,B,C,G), a net length of about 9.2 miles of existing highway to be surfaced with asphalt concrete.

Bids are required for the entire work described herein.

Plans, specifications, and proposal forms to be used for bidding on this project can only be obtained at the office of the State Highway Engineer, Public Works Building, Sacramento, California.

Plans and specifications may be seen at the office of the State Highway Engineer at Sacramento, at the offices of the District Engineers at Los Angeles and San Francisco, and at the office of the District Engineer of the district in which the work is situated.

No bid will be considered unless it is made on a blank form furnished by the State Highway Engineer and is made in accordance with the provisions of the Standard Specifications and special provisions. Each bidder must be licensed as required by law.

The Department of Public Works reserves the right to reject any or all bids.

Abbreviations used in the schedule of predetermined wage rates in conjunction with employer payments listed in the right hand columns are identified as follows:

ph	per hour	pd	per day
phw	per hour worked	pdw	per day worked
php	per hour paid	pdp	per day paid
phw/p	per hour worked or paid	pdw/p	per day worked or paid
psth	per straight time hour	w	wage
psthw	per straight time hour worked	gw	gross wage
psthp	per straight time hour paid	tw	total wage
psthw/p	per straight time hour worked or paid	pmd	per man day

Employer payments other than those itemized herein, as defined in Section 1773.1 of the Labor Code, are to be paid in accordance with the terms of the collective bargaining agreement applicable to the type or classification of the workmen or mechanics employed on the project.

Overtime, Sundays and Holidays—not less than one and one-half (1½) times the basic hourly rate plus applicable employer payments. The holidays upon which such rates shall be paid shall be all holidays recognized in the collective bargaining agreement applicable to the particular craft, classification or type of workman employed on the project.

Copies of all collective bargaining agreements relating to the work as set forth in the aforementioned Labor Code are on file and available for inspection in the office of the Department of Industrial Relations, Division of Labor Statistics and Research.

Attention is directed to Section 7-1.01G of the Standard Specifications providing for employment of apprentices on the work. Every such apprentice shall be paid the standard wage paid to apprentices under the regulations of the trade at which he is employed. Information relative to employment of apprentices shall be obtained from the Director of the Department of Industrial Relations, who is the Administrative Officer of the California Apprenticeship Council.

Purusant to the provisions of Section 1770 of the Labor Code of the State of California, the Department of Public Works has ascertained the general prevailing rate of wages and employer payments for health and welfare, vacation, pension and similar purposes in the county in which the work is to be done to be as follows:

Basic rate per hour	Classification	Employer payments for H and W	Vacation	Pension
3.36	Apprentice engineer (oiler, fireman, heavy duty repairman helper)	10c phw(1)	15c phw	10c phw(1)
3.295	Asphalt ironer and raker	10c phw	none	none

AFFAIRS OF STATE

by Henry C. MacArthur

SACRAMENTO—(CNS) — Anyone who has any knowledge of the printing business at all must have a deep chuckle when State Printer Paul Gallagher testified before a legislative committee investigating the burning of text-books that "10 percent over-runs are standard in the printing business."

Probably there is no private printer in the business who could keep out of bankruptcy if ten percent over-runs were standard.

For example, on the purchase of 50,000 envelopes, if ten percent were standard, the buyer could expect $5,000 additional envelopes. Actually, the printing concern delivers approximately 50,200, which is a small percentage of over-run, and the extra 200 are on the bill.

A small over-run is a necessity in most printing jobs, to allow for spoilage in the course of production. Naturally, a private printing plant, with its eye on costs of paper, ink and labor, naturally keeps the production over that ordered to the smallest amount possible. It has to, or face bankruptcy, for if it computes over-run costs in the printing job, it soon will lose its competitive position in the printing field.

However, when printing is accomplished for the state, by the state, and the only money involved belongs to the taxpayers, along with competition prohibited by law, excessive costs appear to be of no consideration. This is a sample of how much more socialized vs. competitive production costs the people who pay the bills, namely, the taxpayers.

In newspaper publication, there is a daily press run order. When the counter reaches the amount of the order, the presses stop. True, there is some wastage, but it is minute enough to be of little consequence. Newspaper publishers would shudder in horror at the thought of running an additional 5,000 papers on a 50,000 run.

One publisher said when asked about an over-run to take care of spoilage that if the state printing plant had that much waste, it should take some steps to acquire some new personnel.

A survey turned over to the assembly committee by the legislative analyst comments that the state printing plant had a high of 21.3 percent on some books.

"In the critical final printing," said the survey, 'overruns were as high as 18.4 percent, as in the case of the music text-book 'Sing Out'."

The music text "Let Music Ring," more than 10,000 of which were destroyed on the book pyre, had a total order of 185,000. A total of 197,682 of these books were printed, representing an over-run of 12,682, or 6.9 percent. Thus, nearly the total over-run was wasted in a bonfire.

The individual figures of course, serve to point out the sorry mess which is state printing, and the entire system of requiring by law a socialistic order eliminating the fact of competition in production for the state.

Added to the system itself is the growing pincer-grip civil service has on the business of the state, the law here requiring the elimination of much more competition in services to the state. Interpretations of the constitution demand the hiring of another bureaucrat to perform services that could cost the taxpayers less if competition were permitted.

CHANGE IN PAPERS PROPOSED IN BILL

SACRAMENTO — (CNS) — A change in the establishment or maintenance of newspapers of general circulation has been proposed in AB2377 by Assemblyman William A. Munnell, Montebello.

The bill provides that, with newspapers established as newspapers of general circulation before 1923, they will not be limited if they alter the county, town or city of their printing or publication, or both, after 1951.

MOST ACCIDENTS ARE IN GOOD WEATHER

Despite the dangers posed by such driving hazards as rain, fog, darkness and adverse roadway conditions, upwards of two-thirds of all fatal and injury accidents in California last year occurred during clear weather, on straight, level roads.

More than one-half of all injury accidents occured in daylight hours. This figure was reversed for fatal accidents, with approximately two-thirds occurring at night.

California Highway Patrol Commissioner Bradford M. Crittenden pointed out that the "figures support our often-expressed belief that drivers, not conditions, cause most accidents.

"Last year 3723 persons were killed and 154,760 were injured in highway accidents. Some of these deaths and injuries were attibutable to poor visibility, road or weather conditions. Many, many more were attributable to driver error—lapses in awaremess or violations of the law.

"Again I emphasize the necessity for mature driving—alertness, courtesy, and a realization that mistakes bring severe penalties, injury or death."

A total of 30 families comprised the village population of Yerba Buena (San Francisco) in 1841.

CHARTER ELECTION SLATED FOR MAY 16

AUBURN—The board of supervisors scheduled a county-wide election on a newly drafted charter on May 16.

The charter was signed and presented to the county clerk last week.

Major points of the charter include the powers of a county manager, the number of elective offices and the combining of certain offices.

Under the charter the elective offices would be the supervisors, the assessor, district attorney, sheriff, constables, judges and a board of education.

Officers to be combined in the proposal are the auditor, treasurer and tax collector to be called the department of finance; and the clerk and recorder to be called the department of public records.

LIGHT VIOLATION IS IS HELD DANGEROUS

Violations in the use of vehicle lights might appear inconsequental but actually can cause tragedy, Lieutenant O. P. Ledford, officer-in-charge of the California Highway Patrol's Truckee substation pointed out.

"One of the most common faults is improperly aimed headlights. Such lights can blind oncoming drivers even on low beam.

"Another is failure to cancel turn signals. Even though blinkers are designed to cancel automatically after a turn, occasionally the apparatus fails or the turn is not sufficiently sharp to trigger the canceling device. The resulting confusion can be deadly, since other drivers depend on the validity of your signal. After you turn a corner or make a lane change, be sure the signal has canceled properly.

"A third problem is improper use of headlights. Remember to dim your lights for oncoming cars at a minimum of 500 feet. The law also requires you to use low beam when following another vehicle within 200 feet," the captain said.

The common gopher causes considerable damage to underground telephone cables and plastic pipe.

No import duty is imposed on coffee which is not grown in the U. S.

PLANS BEING MADE FOR SCOUT CAMP

By ELLEN ATTARDI

TAHOE CITY—Plans are being made for the 1961 camping season for Girl Scouts of the Sierra Nevada Council at the Scout camp at Camp Wasiu at Meeks Bay, according to area Girl Scout officials.

Registration for members of the Sierra Nevada Council will be held April 29. This early date is set to assure local girls attending camp on the dates they prefer although registration will be open until one week before camp opening for both Scouts and non-Scouts. The camp is primarily established for Girl Scouts but vacancies can be filled with non-Scouts.

A new opportunity is offered this year in the two one-week sessions. These one-week sessions are especially for new campers and experienced campers are urged to attend the two-week sessions if possible. Senior Girl Scouts will be accepted only in the two-week sessions. Rates for the two-week session are $42 and for the one-week session, $24. These fees include transportation costs.

The camp opening date is scheduled for June 30 with a one-week session from June 30 to July 7. The two-week sessions will be from July 10 to July 24 and July 26 to August 9. The last one-week session will be from August 9 to August 16.

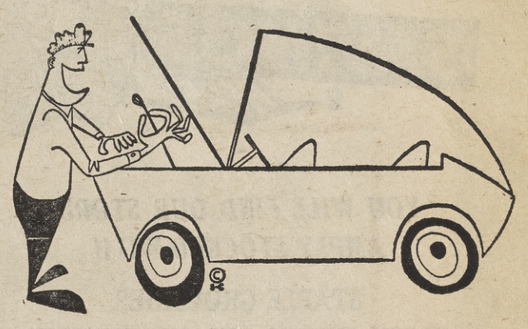

Additional details will be given to all Girl Scouts at their regular meetings.

ADVERTISEMENT FOR BIDS

NOTICE IS HEREBY GIVEN that The Board of Fire Commissioners, Tahoe City Fire Protection District, Tahoe City, California, will receive up to and not later than 8:00 P.M., April 14, 1961, sealed bids for materials, transportation and services required for the construction of ADDITIONS TO A FIREHOUSE. such bids shall be opened and publicly read aloud at the above stated time at the Community Center, Tahoe City, California.

Each bid must conform and be responsive to this invitation the plans and specifications and all other documents comprising the pertinent contract documents. Copies of the plans and specifications are on file and open to the public inspection at the office of J. CLARENCE FELSIANO, A.I.A. ARCHITECT, 4010 Montecito Avenue, Santa Rose, Sonoma County, California, and may be obtained by General Contractors licensed by the California State Contractors' License Bureau, upon deposit of Twenty-five and No/100 Dollars ($25.00) per set. This deposit shall be refunded if the set of sets of plans and specifications delivered are returned in good condition within ten (10) days after the bid opening.

Each bid shall be made out on a bid form to be obtained at said offices in which the contract documents are on file.

Each bid shall be accompanied by a certified or cashier's check payable to the order of the Chairman of the Board of Fire Commissioners, Tahoe City Fire Protection District, Tahoe City, State of California, or a satisfactory Bid Bond in favor of the Chairman of the Board of Fire Commissioners, Tahoe City Fire Protection District, Tahoe City, State of California, executed by the bidder as principal and a satisfactory Surety Company as surety, in an amount not less than ten (10) percent of the maximum amount of the bid. The check or bid bond shall be given as a guarantee that the bidder will execute the contract if it is awarded to him in conformity with the Contract Documents and will provide the Surety Bond or Bonds as specified therein within five (5) days after notification of the award of the contract to the bidder.

In accordance with the provisions of Articles 1 and 2 of Chapter I. part 7, division 11 of the Labor Code, the Local laws thereto applicable, the Owner ascertained the general prevailing rate of wages in the locality in which this work is to be performed, copy of which rates are as follows:

Craft	Hourly Wage Rate
Carpenters	$3.78
Power Saw Operators	3.92
Cement Masons	3.77
Electricians	4.405
Iron Workers:	
Structural	4.275
Reinforcing	4.025
Painters (Brush)	3.75
Painters (Spray)	4.00
Sheet Metal Workers	4.26
Asphalt Shovelers	3.145
Concrete laborers	3.145
Laborers:	
All cleanup work	3.045
Construction laborers	3.045
Plasterers	3.85
Plumber	4.20
Roofer	3.60
Tile Setter	3.535
Glazier	3.56

SUBCONTRACTORS:

Bidder shall set forth in his bid: (a) The name and location of the mill, shop or office of each subcontractor who will perform work or labor and render services to the Contractor in or about the construction of the work or improvement; (b) The portion of the work which shall be done by each subcontractor. The failure of the bidder to specify any subcontractor for any portion of the work to be performed under the contract constitutes an agreement to perform that portion himself.

No bidder may withdraw his bid for a period of ninety (90) days after the date set for the opening of the bids.

The Board of Fire Commissioners reserves the right to reject any and all bids and waive any informalities or irregularities in the bidding.

BOARD OF
FIRE COMMISSIONERS
TAHOE CITY FIRE PROTECTION DISTRICT, TAHOE CITY, CALIFORNIA
By: HARRY JOHANSON, President
DATED: March 13, 1961.
(SEAL) M28-30A6

INCORPORATION

(Continued From Page 1)

followed the enlightening talk, that a county planning commission, with the cooperation of the board of supervisors, has the power to regulate zoning in an unincorporated community, such as Truckee or South Tahoe.

While the speaker listed many benefits which might come to a community such as South Tahoe or Truckee, he stressed as the most important self government.

Where four members of a board of supervisors might not be sympathetic with a needs of a distant community, a city council is more or less obligated to the immediate area and its problems and directly under the will of the people it serves, the speaker pointed out.

Under incorporation, a community will be just what the majority of its people desire, and not subject to the wishes of a distant board, Kingston declared.

More than 40 members of the chamber attended the meeting presided over by President Lee Apple.

SCIENCE PROGRAM TO BE SHOWN AT SCHOOL

A science program designed to demonstrate some of the fascinating aspects of chemistry and physics and to stimulate the interest of high school students, will be presented in Truckee during the week of April 10-14 when the University of Oregon's traveling science demonstration - lecture program is brought to Tahoe-Truckee High School.

The unique traveling program worked out by the university and supported by the National Science Foundation is in its second year. It is part of a national program to excite interest in science as a career for high school students, to stimulate interest in science and in better science teaching, and to encourage teachers and students in the construction and acquisition of better low-cost demonstration apparatus..

Russell Chimento, who brings the traveling science program to Truckee, is a high school teacher who has been especially trained for his work by the University of Oregon. He is one of a corps of teachers currently visiting in the high schools of the northwest. All of these teachers were prepared for the program in a summer-long course of study in the university this past summer.

Chimento comes to the community in an especially equipped station wagon which carries all of his demonstration apparatus. Most of this appartus he designed and constructed himself.

During the week the traveling demonstration-program is in Truckee it will be available for appearances before civic groups as well as the scheduled appearances before science classes and student groups of the high school. For additional information consult the high school principal.

The relatives average humidity in San Francisco is 73°.

PENELOPE HULBERT TO WED ON MAY 14

The wedding of Penelope Ann Hulbert and Steven Frost will take place Sunday, May 14 in the Community Methodist Church at Kings Beach with nearly 250 close friends and relatives of the couple in attendance. Reverend H. R. Holler will officiate during the nuptial rite.

A reception will be held in the Crystal Bay Club immediately following the ceremony.

The bride-elect is well known in this vicinity, the daughter of Mr. and Mrs. Noel Hulbert of Kings Beach. Since her graduation from Tahoe Truckee high school, Miss Hulbert continued to attend a beauty operators school and is now employed at Kings Beach.

The future benedict who is presently stationed at Stead Air Force Base at Reno, previously attended schools at Salt Lake City. He is the son of the late Ralph Frost and Mrs. Margie Angell living in Salt Lake City.

GOLF COURSE

(Continued From Page 1)

it is hoped that the building will be completely framed in by Sunday evening.

It was decided to have the official opening of the golf course on Sunday, June 18 at which time a program will be arranged.

Membership Drive

A membership drive will be in effect for the next two weeks and on Monday, April 17 at 8 p. m. at Smart's, the Shadow Valley Country Club will again meet for the purpose of electing officers for the year.

It was felt that everyone interested should be given a final chance to join the club before electing officers. The membership fees are $10 for a couple or $5 for a single.

This membership entitles participants to enjoy all club functions throughout the year and it is not necessary to be a golfer. A very active club is planned and it is sincerely hoped that most residents of this area and those interested at Lake Tahoe will join the club and enjoy its many benefits.

SCHOOL DISTRICT IS DEFENDANT IN SUIT

AUBURN—A $77,800 lawsuit has been filed against the Tahoe Truckee Unified School District and other school officials charging a breach of contract for a parking area leased for use during the Olympic Winter Games last year.

The suit filed by John Lloyd and Jack Ellis, both of Truckee, named the school board, district superintendent John S. Corbin and Albert F. Bequette, county superintendent of schools. The plaintiffs stated they had a contract for the parking of vehicles during the Olympic Games in Squaw Valley, but the contract was broken by the school authorities.

ART WORK CONTINUES

Friday at 10 a. m. April 7, art classes will convene in the California building at Squaw Valley for continued work and study. All enthusiasts are welcome to the interesting sessions.

Vacationers Home—

Mr. and Mrs. Clarence Osburn and children arrived home from an extended vacation spent in Mexico, southern Nevada, Arizona and California.

To Carmel By The Sea—

Mr. and Mrs. Robert Leamon, Marcia and Bruce Leamon and Mr. and Mrs. Walter Barrett enjoyed the Easter weekend at Monterey and Carmel.

Back Home—

The L. R. Van Wetter family of Squaw Valley has returned from a week's vacation in Arizona.

Fresno Visitors—

Mr. and Mrs. Lester Braasch and daughters were recent visitors at Fresno.

Guests Of Smarts—

Mr. and Mrs. Reg Smart were hosts to Mr. and Mrs. Harry Stockdale, her parents who reside at south San Francisco.

Sojourn In South—

Mrs. Cecil Clepper and daughter, Denise, returned home from an Easter vacation spent in southern California.

Easter In Medford—

Bob Smith, son of Mr. and Mrs. N. H. Berry of Helgren's Lodge, spent Easter vacation with friends at Medford, Oregon.

Vampire bats have been known to transmit rabies to other mammals by biting them.

AIRPORT

(Continued From Page 1)

posed to build a roadway to the highest county standards, the distance of approximately 1,800 feet.

Engineering specifications and airport planning and operation were also informally discussed at a recent luncheon of the board, with Bob Reed, a member of the district's firm of engineering consultants, Wilsey, Ham and Blair and with Leigh Fisher, former president of Leigh Fisher Associates, a national firm of airport planning, market and financial counsellors.

Fisher, who is an ardent skier is spending a short vacation at Squaw Valley. He expressed the opinion that the Truckee-Tahoe Airport should greatly advance the outside interest of summer and winter vacationists in the Truckee Tahoe-Donner area, particularly those from southern California who could arrive and land here from their home within two hours and by local conveyance could be enjoying their favorite vacation sport at any place in this area within the next few minutes.

That this airport is already receiving nationwide attention is evidenced, said Houlgate, by a recent letter from Michael B. Thompson of Kenosha, Wisconsin, chairman of the Airport Dedication Committee of the American Airmail Society asking to be kept advised as to when this airport will be dedicated.
